Mr. and Mrs. A. F. Adcock and children of St. Petersburg arrived in Ocala at 11 o'clock en route overland to Newton, Ala. They are spending the remainder of the day here with Mrs. Adcock's parents, Dr. and Mrs. F. E. McClane. Mr. George Martin came in last night from a business trip through the middle western section of the state in the interest of his farm.

An alarm of fire about 11 o'clock last night called the fire department to South Orange avenue, just beyond Mrs. Williams' residence. One of the little cabins in the Woodrow quarters was in full blaze, and those on each side of it had caught. The residence across the street was also in danger. So the boys had to work lively. They put the fire out in time to save everything but the central shanty where it started. This was gutted, the frame was left. The cabins on each side were badly singed, but still habitable. Chief Chambers thinks the house where the fire started, and which was empty, was set on fire.

The fire department was called out just before three o'clock this afternoon by an alarm from South Ninth street. The fire was discovered on the roof of Mr. E. C. Green's residence on South Ninth street near the hospital. Neighbors had put out the flames however before the arrival of the firemen. The damage was almost nil. The department was handicapped in getting out of the station on account of the A. C. L. passenger train standing in front of the place. The hook and ladder truck was compelled to wait for the train to be moved before coming out.

Fresh shipment of Norris' famous PEANUT BRITTLE received every few days at the Court Pharmacy.
